SciFed Journal of Chemical Research

SciFed Journal of Chemical Research is an international online, peer – reviewed, multidisciplinary open access journal which aims to cover the advanced research carried out in the field of chemistry, biochemistry and its interdisciplinary branches.

The scope of SciFed Journal of Chemical Research greatly portrays the complex nature & structural composition of the bio molecules like carbohydrates, proteins, lipids etc. and their role in the physiological processes in all living beings.

All genuine manuscripts of SciFed Journal of Chemical Research prominently features the advanced research of chemistry and industrial applications of chemistry and its use in other applied sciences.
